Message

I wish all the team members of Gamudhyog Sansthan success in all their effort to bring prosperity to rural and urban India. The work of Sanitation and Health, Bio Gas, Skill Trainings Programmes, Livelihood Promotion, Organic farming and Watershed Development in particular is highly appreciable.

The research and development activities taken up by the organisation based the principle of people's Participations has been a very vital contribution in sustainable growth and progress.

I once again wish and expect that the organisation will grow several folds more and contribute towards development of society.

(Narendra Singh Tomar)
